Connect Leaders

We bring passionate leaders and key, public and private organizations together across our community to actively address important needs.

Give Grants

With our deep understanding of our broader community, we help donors respond to the vast range of needs by supporting their objectives for giving, matching donors up with needs, and awarding vital grants to charities throughout our community.

Build Legacies

For donors who'd like to leave a lasting legacy, we help create and steward longterm, endowed funds to support charitable needs now, and for years to come.
