# In a Year Like No Other, We Stand Strong Together

“Adversity does not build character, it reveals it.” If this is true – and we believe it is – then this past year has been a year of community character coming into plain sight.

Just as spring 2020 arrived, we were all plunged into a year of adversity like we have not seen in generations. How would we respond? As we anticipated, our community of donors, fundholders, corporate partners, and agencies responded as we knew they would: thoughtfully and generously.

We mobilized quickly to meet critical and immediate needs brought on by the pandemic. Thanks to the generosity of donors, we quickly amassed \$453,455 in a COVID-19 Response Fund. Over the year, through four phases of relief granting, 44 charities across a spectrum of sectors received a total of 65 critical grants so they could pivot programs and services to meet the realities of operating in a pandemic world. We also partnered with the Government of Canada and Community Foundations Canada to manage and deliver \$476,370 to 23 charities, with the organizations receiving a total of 30 grants through two phases of the Emergency Community Support Fund.

Daily, we are amazed at the perseverance and unity of our charitable partners. Never faltering, never wavering – working tirelessly to ensure that our most vulnerable community members receive the care and support they need to manage through this unprecedented pandemic.

Beyond COVID-19, at the very heart of our work we engage people and help them connect to their own sense of belonging and invite them to make meaningful contributions to their community. This past year, working with new and existing fundholders, the Foundation received over \$1.3-million in new assets.

We are appreciative of the trust that our fundholders place in us to make prudent investments and assure sound financial management practices, guaranteeing that the legacy created by each of them is respected in perpetuity.

As we move forward into a new operating year, supporting our community this past year through the ravages of COVID-19 has reaffirmed for us that our mission could not be more important: **We understand the difference we can make is greater when people work together. Our role is to make that happen.**

On behalf of the Board of Directors and team at Burlington Foundation, we sincerely thank you for all that you do to care for, and support, our wonderful community.

### CEO, Colleen Mulholland Honoured with Lifetime Achievement Award

Burlington Foundation is proud to recognize the awarding of the 2021 YWCA Hamilton’s Women of Distinction Lifetime Achievement Award for Hamilton and Halton to our CEO, Colleen Mulholland. The awarding of this honour recognized the significant contributions to community Colleen has made throughout her 30-year career in her role with the Foundation and through her past executive positions with Canadian Diabetes Association, Ontario Chamber of Commerce and the Ontario Centres of Excellence.

# Thank You for Enabling Us to Keep a Strong Focus on our Mission

With unexpected challenges facing us all this year, having the critical support of our Change Makers and our corporate partners enabled the Foundation to keep a strong focus on our charitable mission of helping individuals and families in our community who are in greatest need.

From supporting frontline charities assisting community members most impacted by COVID-19, to helping our local charities rebuild for the future, we are grateful to these supporters for helping us so we could continue to help others.

Because of our members' generous, unrestricted gifts over 3 years to Burlington Foundation, the quality of life in Burlington today, and for tomorrow, is greatly enhanced.

# Responding to Pressing Need During the **COVID-19** Pandemic

Since March 2020, Burlington Foundation was actively involved in addressing the impact of the COVID-19 crisis on our community. Knowing 30% of charities in Canada are not expected to survive the pandemic, we were keenly aware of the intense demands this unprecedented pandemic placed on the charitable sector as we all worked to support our community.

Throughout the past year of fast changing conditions, Burlington Foundation created, delivered and participated in rapid response initiatives to address the many urgent and critical needs of our hardworking charities and our most vulnerable Burlington community members.

**In keeping with our mission, the Foundation focused on the 3 pillars of what we do:**

**Connecting:** We engaged with community leaders and agency partners as we worked together to maximize the impact of our support.

**Stewarding Giving:** Through the contributions of donors and the Foundation, we grew and facilitated giving to make new pandemic funding available as well as to continue to grow legacy fund giving for the long term.

**Granting:** In addition to supporting the granting wishes of our fundholders, we also established and participated in responsive granting initiatives including Burlington Foundation's Pandemic Response Fund and the Government of Canada's Emergency Community Support Fund.

# Coming Together with Donors and Community Leaders During COVID-19

## Connecting With Community Partners

Throughout the year, Burlington Foundation came together with community partners to leverage collective expertise and community knowledge, ensuring our efforts met the greatest needs of our communities most disproportionately impacted by the pandemic. Through this approach, we focused on ensuring our funding reached organizations that needed it the most, while limiting duplication of support to regional charities.

**Regional Task Force: Halton Funder's Roundtable:**  
Burlington Foundation engaged with Halton Region, United Way of Halton & Hamilton, Oakville Community Foundation, and Halton North Community Foundation. The purpose was to share information, understand local needs, and collectively be aware of granting and funding efforts of numerous organizations.

**City of Burlington Mayor's COVID-19 Task Force:**  
As a member of the Mayor's Task Force, we collectively shared information and mobilized community and agency resources to support our healthcare and broader community needs on COVID-19.

## \$453,455 in New Pandemic Granting Capacity Built While Additionally Growing \$1.3M in New Assets

In March 2020, Burlington Foundation with generous support from Pioneer Energy, announced the creation of our COVID-19 Pandemic Response Fund with an initial \$100,000 commitment. Through further conversations with our donor network, including a \$250,000 gift from the Paletta family, the fund grew to a total of \$453,455. Providing critical emergency grants through the fund would not be possible without the kindness of donors. Our heartfelt thank you to our many donors including: The Paletta Family, Pioneer Energy, Randy and Denise Reeve Family Fund, Milne Family Foundation Fund, Pieczonka Family Foundation Fund, LKH Spirit Fund, BDO Burlington Community Fund, Dalton Timmis Group Fund, and several community donors.

In addition to pandemic focused giving, through the generosity of our donors in 2020-2021, the Foundation received \$1,300,000 in new assets. Growing our endowed and term assets provides further opportunity for our fundholders to provide grants to charitable endeavours that they are passionate about today, and tomorrow.

# \$929,825 in Pandemic Granting Awarded Across 67 Charities

rapid  
response

Burlington Foundation's Pandemic Response Fund was established at the onset of the crisis to support community-based relief efforts. As we recognized the rapidly evolving nature of the situation, the granting was delivered through four phases over the course of the 2020-2021 year. Through this model, we were able to continue to evaluate and respond to changing community needs.

Through our initial Phases 1 and 2 Pandemic Response Grants, our goal was to enable our local charitable partners to adapt, expand, or initiate vital services to the Burlington community as a result of the pandemic. With Phase 3 grants, we additionally recognized the need to support operational needs for sectors of our charitable landscape that were devastated but weren't 'emergency' focused. And with the second wave of COVID-19 striking our community and driving even more demand for emergency relief, Phase 4 grants provided much needed further critical support.

**With these new grant awards, the Fund provided \$453,455 in grant relief across 44 charities to assist them in their response efforts, recognizing the long term implications of the pandemic for the non-profit sector.**

In 2020-2021, Burlington Foundation was pleased to be a participating partner with the Government of Canada and Community Foundations of Canada in delivering the federal \$350-million Emergency Community Support Fund (ECSF).

Launched in May 2020, this funding initiative was created to help community organizations adapt frontline services to better meet the needs of people experiencing heightened vulnerability during the COVID-19 pandemic.

Funded by The Government of Canada, support flowed through Community Foundations of Canada (CFC), United Way Centraide Canada and the Canadian Red Cross, with Burlington Foundation delivering the funding locally.

As a testament to the tremendous community need, grant requests to the ECSF program Canada-wide were five times the available monies. At the local level, maintaining strong partnerships with our regional Halton Funder's Roundtable enabled us to maximize our region's grant selections.

**Through the two rounds of ECSF funding, the Foundation awarded a total of \$476,370 to 23 frontline charities serving our most vulnerable community members.**

# Complete List of Grants 2020-2021

Through the staggering level of challenge impacting community in 2020-2021, we were truly inspired by the sacrifice, commitment, and giving of our charitable agencies, donors and fundholders. Working with our fundholders, donors and government partners to help their giving make the greatest impact in community, this year the Foundation was proud to grant over \$1.6-million.

Building up community and providing vital support to charitable organizations, this notable granting supports 87 organizations across a wide spectrum, with grants addressing critical community needs and the passions and wishes of our fundholders. We celebrate the tremendous continuing impact of our donors as we share the following list of 2020-2021 grants.

<b>Acclaim Health</b>		<b>\$19,885.00</b>
<b>Alzheimer Society of Brant, Haldimand</b>		<b>\$4,000.00</b>
<b>Art Gallery of Burlington</b>		<b>\$27,500.00</b>
