

BURLINGTON COMMUNITY FOUNDATION

STRATEGIC PLAN 2025-2028

The Burlington Community Foundation's new purpose, vision and set of values will guide our organization and Board leadership in all that we do over the next three years.

OUR VISION FORWARD

An informed, engaged and generous community, working together in support of a resilient and inclusive Burlington for all.

OUR PURPOSE

We are dedicated to advancing community well-being and belonging, by connecting generosity and resources to meet evolving local needs.

OUR VALUES

The Burlington Community Foundation is guided by Collaboration, Transparency, Innovation, Inclusivity, and Adaptability in everything we do.

OUR STRATEGIC DIRECTIONS

The Burlington Community Foundation is our city's trusted and respected philanthropic leader and has three principal roles – donor services, community leadership, and community impact. Building on 25 years of leading change and impact, we are committed to contributing to an inclusive community that is a better place to live for all.

GOAL#1

Inspire philanthropy in Burlington as our city's giving & generosity hub.

GOAL#2

Mobilize Foundation assets to deepen community impact.

GOAL#3

Deepen our commitment as a charitable thought leader by activating community around collective action.

Our three strategic goals are underscored by the Burlington Community Foundation's commitment to investing in our resilient operations, led by a well-supported and thriving team.

HOW WILL WE TRACK OUR PROGRESS?

With the establishment of a new Community Leadership Committee of the Board, together with the Foundation staff team, we will track our progress against plans, while remaining nimble in our operations to respond to the community's changing needs.
