ANNUAL REPORT

A Notable Year of **Growing Legacies for Community**

For an organization, a year in many respects is a point in time between the past and the future. It is an opportunity to pause, reflect and look ahead.

This past year we continued to navigate change, strengthening our commitment to the people and the community that we serve. Our ability to support so many worthy and deserving local causes and charitable projects is due to the tremendous giving of our fundholders and donors.

Their support, partnership and generosity enabled the Foundation to provide \$1,100,838 across 88 charities that provide essential programs and services to our most vulnerable community members. This year, the Foundation experienced unprecedented asset growth. Working with new and existing fundholders, the Foundation received over \$4,532,149 in new assets.

We extend our heartfelt thanks to the GWD Foundation for Kids for entrusting us to continue their legacy of supporting children and youth in our community by providing Burlington Foundation with a \$3.42-million gift, the single largest gift to-date since our inception in 1999.

As we look ahead to the new operating year, we are excited to seize the future with intent. This means that the Foundation will be intentional about our work, deliberate in the way we utilize resources, and committed to supporting a just, equitable and resilient community.

In spite of ongoing adversity, it has been a remarkable year for Burlington Foundation. Thank you for your passion and dedication to the Foundation and to the community that we all call home.
